

Updates From the Mayor

April 2026

- Utility Bills – If you have any questions regarding this matter, please call the Village Office at 315-673-3112
- Code Officer and Fire Inspection – Fire and rental inspections continue, along with vacant property registrations and code enforcement for litter, rubbish, and changes of occupancy.
- Pedestrian Signs and Benches – have been re-installed on Main Street and elsewhere by the Highway Department. The flags will also be displayed in time for the Memorial Day celebration.
- Brush pickup has started. Village residents can place brush in the right of way on Sundays for brush pickup on Monday.
- Compost is available at the Wastewater Treatment Plant for Village residents free of charge. Please call 315-673-4491 to make an appointment for pickup.
- Memorial Day – Olde Home Days – American Legion Post 297 is planning to resume a public Memorial Day Parade and Commemoration in the Village on Monday, May 25, 2026, with the Parade beginning at 10:00 a.m. and the Ceremony held at the Village Point immediately following the parade.
- Earth Day Cleanup – we are most thankful for an Earth Day cleanup of the Village in April, an annual event that involved 3rd graders from KCH Elementary School, and we thank the students and their teachers for their participation.
- The Village DPW teamed up with the Town of Onondaga and the Town of Marcellus to clean out catch basins in the Village. Thank you to the Town of Onondaga Highway Department for lending their vac truck and crew, and the Town of Marcellus Highway Department for their help.
- Plow damage repairs are underway. The Village DPW will be working throughout the Village – if you notice an area that needs attention, please call the Village Office and we will gladly add it the list.
- The 6th graders are set for a cleanup day on May 8th, helping spruce up Village green spaces, the Steadman House, Fred's Trail, the Town of Marcellus Hall, and

Marcellus Park. We appreciate their energy and hard work—it's a great chance for the kids to get outside and give back.

- The Village's Arbor Day celebration is scheduled for May 22 at 10am at the Green Gateway. It's free and open to the public.
- This spring has been especially wet, with over 6 inches of rain in March alone and more than 16 inches year-to-date. As a result, flows into the treatment plant are above average. As a reminder to residents and property owners, please ensure that sump pumps, roof downspouts, exterior foundation drains, and areaway drains are not connected—directly or indirectly—to the Village sanitary system.
